EDUCATION

University of Houston Expected May 2028

Bachelor of Science in Computer Science | Houston, TX

Lone Star College December 2025

Associate of Arts, Computer Science Pathway | GPA: 3.67 | Houston, TX

TECHNICAL SKILLS

Languages: C++, Python, JavaScript
Web: HTML, CSS, Node.js
Tools/Libraries: Git, Linux, Playwright

PROJECTS

Job Application Automation Platform October 2026 - Present

JavaScript, Node.js, Playwright GitHub

- Directed iterative AI-assisted development of a local application for job filtering, supported application forms, saved answers, and application history.
- Defined desired workflow behavior for unknown questions, duplicate prevention, interrupted applications, and user-controlled retries.
- Reviewed results, identified problems, and requested fixes; the application includes a dashboard, unit/API tests, and synthetic browser tests.

Persistent Task Tracker August 2026

JavaScript, HTML, CSS GitHub

- Wrote HTML and JavaScript for a task manager with task creation, completion, deletion, filtering, and a remaining-task counter.
- Added localStorage persistence, malformed-data handling, inline editing, and keyboard interactions to maintain and update task state across sessions.

C++ Console Raycaster January 2025 - February 2025

C++, Windows Console API GitHub

- Implemented a first-person C++ console raycaster using fixed-distance ray stepping over a 16 x 16 map.
- Worked through elapsed-time-based movement, wall-collision checks, distance-based shading, and a map overlay in character-based console output.

WORK EXPERIENCE

Digital Personal Shopper | Walmart January 2026 - August 2026

- Handled 100+ online orders individually during busy shifts using handheld order-management systems.
- Coordinated order fulfillment, substitutions, staging, and customer pickups.

LEADERSHIP

CodePathways Peer Mentor September 2026 - Present

Code[Coogs] x Cougarrettes

- Selected for the Fall 2026 peer mentorship program, with weekly 30+ minute one-on-one meetings focused on a UH student’s academic, technical, and professional development.
